This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 723390

**TransAID Final Event | 01 July 2020**

That's us

Agenda – TransAID – Final Event Day 1

- **14h05: Opening and conference introduction (Sven Maerivoet, TML)**

- 14h10: Overview of projects on cooperative and automated road transport (Georgios Sarros, EC)

- 14h25: Overview of TransAID, key findings, and summary (Julian Schindler, DLR)

- 14h40: Enhanced traffic management (Sven Maerivoet, TML)

- 15h00: Modelling of automated driving (Evangelos Mintsis, CERTH/HIT)

- 15h20: Break

- 15h30: Cooperative V2X communication (Miguel Sepulcre Ribes, UMH)

- 15h50: Simulation and field testing (Julian Schindler, DLR)

- 16h10: Interactive discussion

- 16h25: Closing remarks (Julian Schindler, DLR)
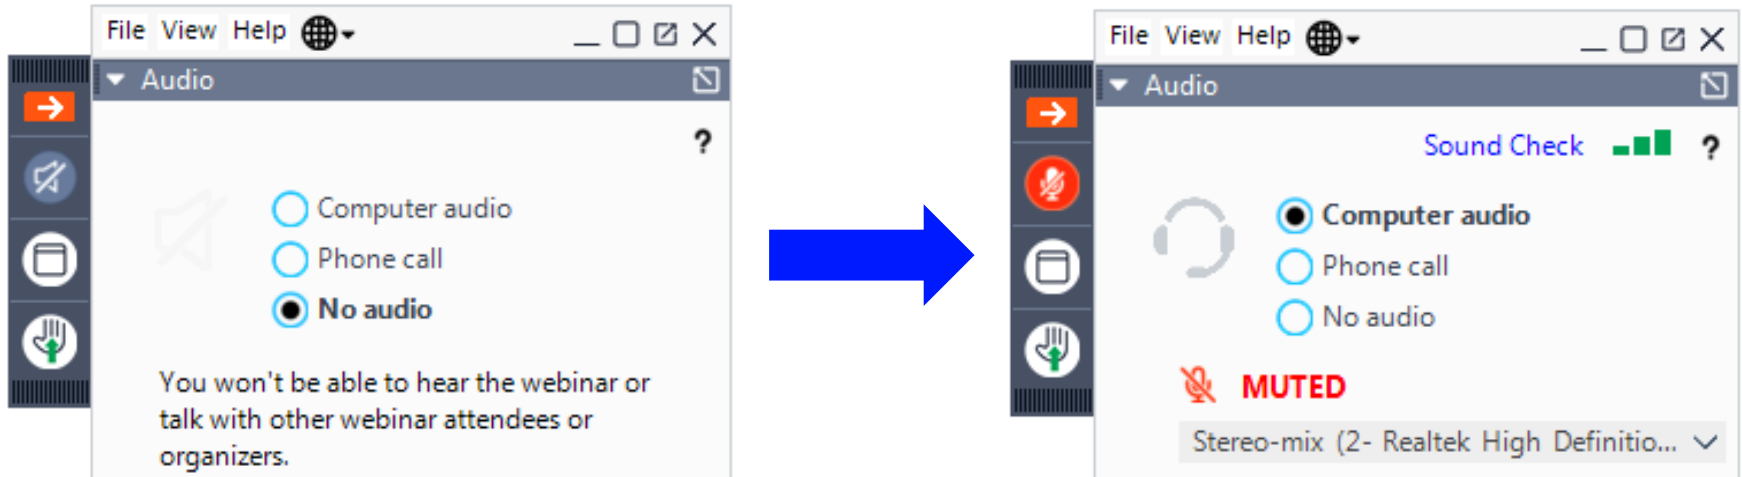

Welcome to our virtual final event!

- You are automatically muted

- Presentations, videos, polls, … will all be shown automatically for you

- All presentations will be made available after the event:

  ↳ https://www.transaid.eu/final-event/

If you have sound problems...

- We can not help you with your sound!
- Sometimes it works if you select "**No audio**" and then (re)select "**Computer audio**"

When you have questions...

We also have questions for you…

We also have questions for you...

Talking:

QUICKPOLL

Q1: What should an (L3/L4) automated vehicle do if it encounters road works?

Poll Results (single answer required):

4

Stop and complain to the driver	0%
Increase speed and just drive through	0%
Activate the vehicle's jump mode	0%
Order pizza for the driver and wait until the works are done	100%
